**Municipality of Wawa
SCHEDULE OF FEES**

Schedule of Water & Sewer Rates

15. Unconnected Use

a. Where water is proposed to be obtained by means other than a normal service connection, an application, in writing, shall be submitted to the Director of Infrastructure Services requesting such privilege and stating:

- I Estimated quantity requirements
- ii Purpose for which water will be used
- iii Estimated duration of the requirement
- iv Method by which it is proposed to receive the water

b. Approval may be granted to receive water in tanks or vehicles at the Municipal Garage or as directed by the Director of Infrastructure Services for quantities not exceeding 20,000 gallons per day to be discharged at a rate of at least 25 gallons per minute but not to exceed 150 gallons per minute. Payment for water shall be for each time of discharge of filling the following rates:

I	For receipt of up to 2,500 gallons.....	58.23
