The Advantage of a Managing General Agent

The MGA model is different than a traditional broker/insurer arrangement in that an MGA provides specialized expertise in a specific, niche area of business. As an MGA we also offer clients additional and helpful services in the area of risk management, claims and underwriting. And unlike the reciprocal model, a policy issued by an MGA is a full risk transfer vehicle not subject to retroactive assessments but rather a fixed term and premium.

We invite you to work with a partner who is focused on providing a complete insurance program specific to your organization that includes complimentary value added services that help drive down the cost of claims and innovative first to market products and enhancements. You will receive personalized service and expertise from a full-service, local and in-house team of risk management, claims, marketing and underwriting professionals.

As a trusted business partner, we believe in participating in and advocating for the causes that affect our clients. For this reason, we affiliate with and support key provincial and national associations. In order for IPE to be effective in serving you, we, as an MGA, believe in fully understanding your needs, concerns and direction. Our support is delivered through thought leadership, financial resources, advocacy, services, education and more.

Risk Management Services

We are the leader in specialized risk management and place emphasis on helping your organization develop a solid plan to minimize exposure before potential incidents occur. Risk management is built into our offerings for all clients, fully integrated into every insurance program. Our risk management team is comprised of analysts, inspectors and engineers who use their expertise to help mitigate risk. We do everything we can to minimize your exposure before potential incidents occur. This includes providing education, road reviews, fleet reviews, contract analysis and property inspections.

Claims Management Services

Our in-house team of experts has the depth of knowledge, experience and commitment to manage the complicated details of claims that your organization may experience. You deal with the public often in sensitive instances where serious accusations can be made. Your claims are often long-tail in nature and can take years to settle. Some claims aren't filed until years after the occurrence or accident. You want a team of professionals on your side that will vigorously defend your reputation. We understand your risks and your exposures and have maintained a long-term commitment to understanding the complex issues your organization may face so that we can better service your unique claims requirements.
