

Municipality of Wawa  
**SPRING WATER MAIN  
& HYDRANT FLUSHING**

The Municipality of Wawa Infrastructure Services Department wishes to advise all residents that flushing of water mains will be performed **May 27 to June 7, 2019**. Water may become cloudy or have small particles. This is aesthetic only and not a water quality concern.

Please allow your faucet to run until flushed clear.

Your co-operation is appreciated.

Cory Stainthorpe  
Director of Infrastructure Services
